## BACKACHE "GETS ON THE NERVES"

Many who suffer from backache and weak kidneys are unnaturally irritable, fretful and nervous. Not only does constant backache "get on the nerves", but bad kidneys fail to eliminate all the uric acid from the system, and uric acid irritates the nerves, keeping you "on edge" and causing rheumatic, neuralgic pains. Doan's Kidney Pills cure these ills by curing the kidneys. Here's proof:

### CONVINCING TESTIMONY

"Mr. M. H. True, Center Main St., West, Mo., Idaho, says: 'My back pained me all the time and every joint in my body was swollen. My head ached and my eyes were sore. My nerves got all unstrung and I thought I would lose my mind. I had dizzy spells and fainting spells and the kidney secretions were in terrible shape. Doctors' medicine didn't help me and I was a wreck. When someone told me to take Doan's Kidney Pills, I did and they made me well.'"

## News of the State in Condensed Form

### Shoots At Brakeman

That he had shot at Brakeman Stone of the Erie railroad who was in Estrella last Wednesday on a freight train, was the confession of Jesus Carasco at Tucson. Carasco was arrested last week at Garry with two other Mexicans, Rafael Morales and Jesus Gutierrez, by Deputy Sheriff Huss and Special Agent Smith of the E. P. on suspicion that they were the three who fired eight shots at Conductor Meitz and Brakeman Stone at Estrella last Wednesday. They answered the identification and were all armed, Carasco has confessed.

### Sentenced to Penitentiary

Confessing to the theft last week of property from the Southern Pacific station at Cana for the Cana ranch four Mexicans, Julio Martinez, Juan Ochoa, Carlos Martinez and Abram Aguirre, were sentenced to the state penitentiary by Judge Cooper at Tucson for from six months to five years.

### Are In Tucson

For the purpose of working up sentiment against Yuan Shi Kai, president of the Chinese republic, Firg Chi You, editor of Young China, and secretary to Dr Sun Yat Sen, and Hon Fick Tuck, a "commerce commissioner" of the Sen party is in Tucson.

### Foot Cut Off

In trying to board a Southern Pacific train at Willcox yesterday afternoon to start a ride to Benson, Angel Gonzalez slipped and fell under the wheels one foot being taken off above the ankle and several toes being cut off the other foot. He was given first aid treatment at Willcox, and then removed to the county hospital at Douglas.

### Discovers Rich Ore

Having discovered a vein of ore running approximately \$15,000 to the ton, L H Blankenship of Douglas, has returned from the Patagonia district to notify his friends of the discovery and procure backing in order to locate the claims surrounding the ledge. He expects to return to Patagonia within the next few days.

### Confession Store Robbed

Burglars entering the confectiory of Joe Conley at Douglas between Eleventh and Twelfth streets Friday night, by climbing through a transom over the rear door, after removing the wire screen which guarded it, secured loot valued at approximately \$50.

### Contractors Are Busy

All the building contractors in Bowie are enjoying prosperous times now, all of them being busy in the town or in the immediate vicinity. While the town is not growing by leaps and bounds there are several buildings going up. Usually there is a number of residences being built there at any given time.

### Has Good Invention

Through the invention of a plaster, Alonzo H Mitchell, of Phoenix has won fame and fortune. He has already been offered \$7000 for his patent. Mitchell has just received word from Thomas Ewing, commissioner of patents at Washington, that a patent was issued to him on August 18. Mitchell says that he will sell the patent at the highest bid on cash terms received by October 15. Besides the \$7000 bid, one at \$5000 has also been received.

### Wheat Scarce In Sonora

The flouring mill of the American Milling company, in Agua Prieta is working half time now, not but that the greater part of its product could be placed to advantage in Sonora, but because the difficulty of obtaining wheat has become greater recently than in former times. Not alone was the wheat crop of Sonora much smaller than in previous years, but the recent disordered condition of the state has been such that grain which had been purchased could not be brought to the mill.

### Homesteads In National Forests

To provide for the settlement of lands chiefly valuable for agriculture within National Forests, Congress passed on June 11, 1906 a special act popularly known as the Forest Homestead Law. Since that date 3213 homesteaders have taken up land within the National Forests of Arizona and New Mexico, according to the annual report of the District Forester at Albuquerque, New Mexico. Over five hundred of these homesteaders settled this year.

### Big Cattle Shipments

Another big shipment scheduled to leave Santa Cruz county on October 1 from the same yards is a bunch of 1000 head from the "Rail X" outfit, owned by O F Ashburn, which were bought this week by D M McElmore of Oregon. The purchase included 1800 head in all, the remainder being from Henry P. east, Gatlin Bros and Henry Woods. The "Rail X" cattle are the biggest 1, and finest bred Herefords in the county, and while the owner said the price was very satisfactory, it is learned from other cattlemen that \$32 was paid for the white-faced yearlings, which is the highest price yet paid in this county.
